Veterans Day observance slated Nov. 7

The 28th annual Veterans Day Program will be held on Saturday, November 7 at 11:00 a.m. in the Tredway Memorial Park in West Liberty.

The theme will be "Time: Past, Present, and Future."

The GFWC Kentucky Morgan County Woman's Club has planned an exciting program. The unveiling of the Women in Military Monument will be a memorable moment for those attending this historical event.

Major General Verna Fairchild, USAF NC (Ret.), representing the Women in Military Service for America Memorial, located at Arlington National Cemetery, Washington, D.C., will be the guest speaker. Also, local Morgan County resident, Lisa Redding, will share her military story as a Navy Operations Specialist Chief E-7.

Other women veterans will be recognized. Special music, readings and various speakers will be part of the agenda.

The Morgan County Woman's Club has been instrumental in honoring veterans for their military service over the past several years. As part of community volunteerism, the General Federation and Kentucky Federation of Women's Clubs are involved with veteran activities and programs across the nation and the world.

Local club members have been busy working on various committees for this event, which has involved many hours of planning.

Sculptor, Stephen Tirone, is finalizing the details for mounting the three bronze figures on the granite memorial, and Standafer Builders is completing work on the monument site. It has been a team effort to make this project become a reality and can truly be termed a work of "community spirit and pride." The members of the Woman's Club appreciate those who have supported this outstanding project and extends an invitation to all veterans and military families and citizens..

Public input sought for new water line extension project

Any resident of Morgan County residing outside the city limits of West Liberty who would like for their road to be considered for a future water line project is asked to contact the Morgan County Water District. The district board will be considering new roads for inclusion in the Phase 14 Water Line Extension Project. The water district office is open 8:00 a.m.-4:00 p.m. Monday through Friday.

The Morgan County Middle School Football Cougars improved to 13-1 and advanced to the state Middle School Football Association championships with a 42-20 win last Saturday over the Cumberland Redskins. The Cougars, shown here after their regional victory Saturday, will play in the sstate championships this Saturday at 2:45 p.m. at Lexington Catholic High School.

MCMS Cougars advance to final four for second year in a row

To play in final four this Saturday at Lexington-Catholic

The Morgan Middle School Cougars improved to 13-1 with an impressive win over the Cumberland Redskins, on Saturday October 24, at Herdman Field. Coming into this game, each team had suffered only one loss. Cumberland represented the Appalachian Football League (8-1) and Morgan represented the Eastern Kentucky Middle School Football conference (12-1).

The game started with Cumberland winning the toss and electing to receive. It did not take Cumberland long to make their presence felt, as they scored on the very first play from scrimmage. They converted the PAT

and went ahead 8-0. "At that point, I did not panic, because we sometimes go to sleep on defense, but I was disappointed that we had not come out with the intensity that we should have had early on," said Morgan County coach Brian Turner.

The Cougar defense did wake up, only allowing one more offensive TD the entire game. The Redskins' other score came on a kick return for a TD.

Austin Arnett paced the Cougars with 8 tackles. Jonathan Crouch, Nick Adams, and Kody Thornsberry each had three tackles. Kaleb Cummings and Mikey Whisman had two tackles, apiece. Corey Muse added a big sack for an 8 yard loss. Thornsberry also had two interceptions, and Jacob Young recovered a backwards pass.

However, defense was not the story in the game. The Cougar ground game was to the tune of 525 yards rushing! "For us to rush for that many yards against a big, strong 8-1 football team is a testament to our line," Turner said following the game. The Cougar line is made up of: Corey Muse at center; Nick Clevenger and Michael Lacy at guards; Jonathan Crouch and JT Brown at tackles; and Casey Ward and Chase Turner at the tight ends. "We are big and strong up-front, because our kids made themselves that way in the weight room. These kids worked as hard in the off-season as any high school team, and now our backs get to enjoy running behind these guys," praised the Cougar coach.

Council mulling water rate hike, votes to expand Old Mill Park

By Miranda Cantrell James

The West Liberty City Council at its regular Oct. 26 meeting discussed the possibility of a significant water and sewer rate increase.

City Clerk Sally Barker said that auditor Jim Bryant, of Wells & Co., who gave a brief report on the city's 2008-2009 audit at the Aug. 24 meeting, recommended that the city increase water and sewer rates by 10 percent to offset rising operating costs.

Bryant previously informed council members that the cost of water and sewer chemicals has increased by \$75,000 in the past year. Other increases include \$25,000 in departmental payroll and \$18,000 in miscellaneous expenses.

"Overall, the city is in good financial condition," Bryant said in August. "However, the water and sewer rates cannot stay the same as costs increase."

Barker estimated that a 10 percent rate increase would generate approximately \$10,000 per month in revenue.

Council members voted unanimously to evaluate the water and sewer operational costs before implementing a rate increase.

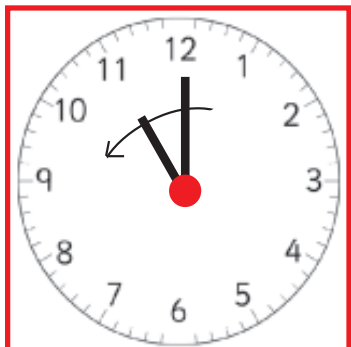

In other business, the council voted to move forward with the purchase of property adjoining the south end of Old Mill Park for \$50,000. The parcel, owned by David and Margaret Butcher, includes an old house that has been approved for storage use.

In departmental reports, Barker announced that the city has received a \$127,000 grant for E-911 upgrades, including Next Generation 911.

Councilwoman Belinda Jordan approached the council with a request to examine the possibility of an automated call system to inform citizens of boil water advisories and other urgent information items.

No action was taking during an executive session that was called before adjournment.

The West Liberty City Council meets the fourth Monday of each month at 5 p.m., in the council room at City Hall.

Schools closed this wk.; H1N1 vaccine still hasn't arrived

Schools report that attendance dropped to 79% last week

By Miranda Cantrell James

President Barack Obama over the weekend declared a national emergency due to H1N1 (swine flu) epidemic, as local health care providers work to treat patients and secure vaccine during a week-long closure of county schools.

City and County Trick or Treat night set Oct. 31

Morgan County Trick or Treat night has been set for this Saturday, Oct. 31. Activities will begin at 4:00 p.m. at Old Mill Park in West Liberty and will end at 8:00 p.m. There will be games, treats, and contests, including pumpkin decorating (for all ages), pumpkin carving (for all ages), and Halloween costume, ages 12 and under. Prizes will be awarded (first prize \$30, runner up, \$15).

The West Liberty Tourism Commission and West Liberty Volunteer Fire Department will be serving hotdogs from 4:00 p.m. to 6:00 p.m., at Old Mill Park.

Trick or Treating will be from 6:00 to 8:00 p.m. countywide.

Everyone is invited to come out and enjoy some ghoulish games and freaky fun! The event is being sponsored by the West Liberty Tourism Commission.

For additional information, call city hall, 743-3330, or county government, 743-3897.

Fiscal Court to meet Tuesday, Nov. 10

The regular fiscal court meeting for November has been changed from November 11 to November 10, 2009, at 7:30 a.m., due to Veterans Day holiday.

Home heating assistance pgm. begins November 2

Last year over 5,000 households within the Gateway area received financial assistance from the Low-Income Home Energy Assistance Program (LIHEAP). Gateway Community Action Agency will begin the LIHEAP Subsidy component that provides heating assistance to eligible households on November 2, 2009. The significant cost of energy to heat homes leaves many households unable to fully meet heating bills or purchase sufficient bulk fuel to keep their families safe and warm. Your local Community Action Partnership (CAP) stands ready to help!

A household shall be considered to be eligible for LIHEAP

Administration officials said that the emergency declaration will lift bureaucratic requirements for treating patients and moving equipment to where it is most needed.

Centers for Disease Control and Prevention (CDC) officials noted that 11.3 million of 16.1 million doses of H1N1 vaccine have been distributed throughout the United States, a shortage the agency attributes to manufacturing delays.

Local physician Dr. James Frederick said that he has not been able to secure the H1N1 vaccine at his clinic.

"I don't know when we will be getting the vaccine," Dr. Frederick said. "My office manager ordered the drug approximately six weeks ago. Local people are very interested in taking this vaccine, so hopefully it will come soon."

Faith Family Practice has also ordered but not received the vaccine, while Youthful Essence Medical Center will not be receiving the drug.

Morgan County ARH and the Morgan County Health Department have received shipments of the vaccine for hospital and other health care employees, as well as first responders, such as EMS personnel and firefighters.

ARH officials have established the following vaccination priority ranking:

- Health care workers.
- Pregnant women.
- Persons over six months to 24 years of age.
- Household contacts and caregivers of children under six months old.
- Children ages 5-18 with a chronic medical condition.
- Healthy persons ages 25-64.

H1N1 symptoms include bluish skin color, rapid or labored breathing, severe diarrhea and/or symptoms that appear to have subsided and then return.

Dr. Frederick said that he has examined several patients exhibiting H1N1 symptoms, but said less than two percent of those have had to be hospitalized.

"I would advise anyone who has H1N1 symptoms to seek medical attention," Dr. Frederick said.

West Liberty Rotary Club News

Cindy Legg, Assistant Governor of Area 10, Rotary District 6740, was guest speaker at our October 15, 2009 meeting. Cindy is a member of the Paintsville Rotary Club. As assistant Governor she serves the Martin County, Paintsville, Prestonsburg and West Liberty Rotary Clubs. She is Sponsor/Advisory Chair of the Paintsville Interact Club. Cindy's topic was the formation, responsibilities, expectations and operation of Interact Clubs. Rotary International's Manual of Procedure describes Interact Clubs as being organized to provide an opportunity for young people to work together in a world fellowship dedicated to service and international understanding. Students at the secondary school or pre-university (age 14-18) level are eligible for Interact Club membership. With Cindy's guidance West Liberty Rotary Club is in the process of helping to organize and sponsor an Interact Club at Morgan County High School.

Gateway Head Start grant to enhance outdoor play pgm.

Head Start Body Start (HSBS) National Center for Physical Development and Outdoor Play has announced Gateway Head Start as one of the 351 recipients of a \$5,000 grant to enhance the outdoor learning Head Start center located in Rowan County.

The National Center was created through a federal grant to the National Association for Sport and Physical Education (NASPE) and the American Association for Physical Activity and Recreation (AAPAR) from the Office of Head Start.

The Head Start Body Start grant award will allow Gateway Head Start to purchase several pieces of outdoor equipment and add a concrete path for tricycles.

Head Start outdoor learning

centers are designed to encourage full body exercise and to extend learning beyond the classroom environment, promoting the enjoyment and appreciation of the outdoors. As part of the grant award, Gateway will receive targeted training, technical assistance with the expertise of a physical activity consultant, access to online courses, resource materials, and webinars. One of the first national initiatives, "Take it Outside" will occur during the week of October 19.

Junction News

By Kathy Bolin

Oct. 26 – Greetings from the Junction.

The flu has closed our school system this week. Nationally, the swine flu is supposed to peak this week, so I suppose it was a good idea to shut down our schools.

Jerome and Lisa Gullett, cowboys and cowgirl friends, made The Courier last week. They were the good looking couple shown in the Murder Branch fall horse trail ride.

Stevie and Betsy Pack, my neighbors, are now settled into their new trailer on Pack Lane. Stevie lost his home a couple of months back to a fire.

Herbert Wright was able to attend church at Williams Creek Church on Sunday. It was good to see him back in the pulpit.

Get well wishes go out to Betty Blanton, who recently went through knee surgery.

Mason Montgomery spent Wednesday and Thursday in the hospital at Lexington under observation, but he is back home now. Get well wishes, Mason!

Congratulations to Jeanna Cantrell and John Williams, who were married on Aug. 27, 2009.

Physical therapists at West Liberty Nursing and Rehab Center, from left, Monica Whitt, PT, and Tiffany Bradley, OTR/L.

Therapists at Nursing & Rehab Center

The third week of September (21 through 25) is designated as National Rehab Awareness Week. This week we recognize and celebrate the benefits of rehabilitation, as well as promote awareness that through rehab there is hope, achievement and success.

The rehabilitation professionals in our facility work closely with the residents, their families, and caregivers. Additionally, they coordinate their services with the facility nursing staff, social services, and activities coordinators in order for our residents to receive the optimal benefit from their stay while in our care. The rehab staff consists of physical therapists, physical therapy assistants, occupational therapists, occupational therapy assistants, and speech language pathologists.

Physical therapy restores maximum physical functioning and enables our residents to return to an active life as quickly as possible by improving gait, increasing mobility, reducing pain, and enhancing strength, balance and function with exercise, body mechanics, and postural awareness.

Occupational therapy helps our residents achieve their highest level of functioning in the skills needed for activities of daily living (ADLs), family tasks, and leisure activities by improv-

ing their abilities in everyday tasks (e.g., dressing, bathing, toileting, and homemaking), enhancing performance in tasks requiring eye-hand coordination, and compensatory training.

Speech therapy helps our residents improve swallowing, communication, and cognitive abilities to promote optimal independence and quality of life by addressing dysphagia (difficulty with swallowing), speech/language disorders such as dysarthria (slurred speech) and apraxia (difficulty with programming and sequencing voluntary speech), and re-training and/or compensating for loss or impairment of cognitive skills.

This week is designated to not only recognize and appreciate the hard work and dedication of our highly trained rehab staff, but also the accomplishments of our residents who participate in their rehab treatments to achieve their functional independence goals. Rehabilitation not only restores physical functioning to our residents, but also promotes safety and builds their level of confidence and self-worth. Take a moment this week to appreciate your rehab staff and listen to a resident or family member's testimonial of what rehab intervention has meant to their life.

More than 8,000 new clean energy jobs possible in Ky., according to new report

Investments in energy efficiency and renewable energy show higher job potential than in new coal facilities

A projected 8,750 new jobs in the energy efficiency and renewable energy sectors, spread out over 87 Kentucky counties, could be created in the next three years according to a new report by the Ochs Center for Metropolitan Studies. The report finds that the job creation would be possible through investments by the East Kentucky Power Cooperative (EKPC) in such clean energy measures, rather than in its proposed Smith coal fired power plant.

“Economic modeling data show enormous potential for job creation in the areas of home weatherization, hydroelectric dams, solar hot water, heating, cooling and much more,” said David Eichenthal, President of the Ochs Center, a Chattanooga-based data analysis and policy research organization. “EKPC would be doing Kentuckians a great service by enabling such job growth while providing their members with clean, reliable electricity.”

For the Licking Valley and Big Sandy RECCs and Clark Energy, which serve customers in Morgan and surrounding counties, the study estimates that job creation would be around 312 over three years.

Several Kentucky environmental and economic justice organizations and an increasing number of co-op utility members are encouraging EKPC to abandon its plans for the \$766 million Smith plant and instead increase investments in energy efficiency programs and renewable energy such as from wind, solar and hydro sources. A study released in May by Synapse Energy Economy Inc. showed that diversification of EKPC’s energy sources would help protect co-op utility customers from higher costs of coal and coal burning facilities.

“We already know that energy efficiency and clean renewable energy are good for our health, good for the environment and make good economic sense,” said Elizabeth Crowe with the Kentucky Environmental Foundation. “When you add in data on new clean energy jobs and economic growth throughout the region and compare it all to the risks of a new coal burning power plant, the choice is clear: EKPC should abandon its plans for the

Smith plant and instead invest in clean energy.”

Key findings in the Ochs Center report include:

- There is potential of 8,750 new jobs from clean energy and efficiency programs throughout the EKPC service area over a three year period;
- Investments in efficiency and renewable energy would have a total economic impact of more than \$1.7 billion on the region’s economy; and
- Clean energy jobs could be realized much more quickly than jobs from the Smith plant, since plant construction may be years away.

Besides creating a greater number of sorely-needed jobs, the energy efficiency and renewable energy portfolio in the Ochs Center report has a projected cost of \$62.10 per megawatt hour, compared to most recent cost estimate for the Smith plant of \$74.73 per megawatt hour.

“Kentucky is fertile ground for new jobs in the area of renewable energy,” said Andy McDonald of the Kentucky Solar Partnership. “There are a lot of people already trained in solar hot water installation, and many more people all over the state who are interested in being trained and put to work. These are safe, solid, community-based jobs that can’t be shipped overseas, and that help people save money by conserving electricity.”

McDonald said that renewable energy and energy efficiency projects are not just concentrated in one place as with power plants. “EKPC could be a catalyst for creating green jobs all over the state, benefiting their members and the communities in which they serve,” he said.

“I have serious concerns about the proposed Smith 1 Power Plant and believe there’s an alternative that will be better for the environment, less costly to co-op members, and far more beneficial economically,” said Rachel Harrod, a long-time resident of Owen County and a member of the Owen Electric Co-op. “I can’t tell you how significant this would be to an area that has lost much of its agricultural base in recent years. The jobs generated by a clean energy portfolio would be a welcome boost to our local economy,” she said.

Harrod continued, “If EKPC indeed wishes to do what’s best for the region it serves, it will abandon plans for the new Smith Power Plant and proceed with the sustainable, clean energy approach.”

PSC receives grant for 75th anniv. oral history project

The Kentucky Public Service Commission (PSC), which recently marked 75 years of service to the Commonwealth, has received a grant to begin recording an oral history of the agency.

The technical assistance grant from the Kentucky Oral History Commission will provide equipment for recording interviews and will train PSC employees to collect oral histories from former commissioners and employees, and from long-serving current PSC staff members.

“Over its 75 years, the PSC has left a lengthy paper trail,” PSC Chairman David Armstrong said. “This grant will enable us to record and preserve some of the fascinating stories behind all those documents.”

The oral history project was initiated in connection with the PSC’s 75th anniversary this year. The anniversary celebration on Wednesday, Oct. 14, included a reunion of former commissioners. All have been asked to participate in the project.

“So much of what happens in any organization is retained only in the memories of those who were present at the event,” PSC Vice Chairman Jim Gardner said. “This project will keep some of those memories from being lost.”

Recordings collected during the project will be kept at the PSC and at the Thomas D. Clark Center for Kentucky History in Frankfort, where they will be available to historians and other researchers.

“In just a few months at the PSC, I already have heard many stories that are far too interesting to be lost in time,” Commissioner Charlie Borders said. “I hope this project captures them for others to enjoy.”

The PSC is an independent agency attached for administrative purposes to the Energy and Environment Cabinet. It regulates more than 1,500 gas, water, sewer, electric and telecommunication utilities operating in Kentucky and has approximately 100 employees.

Rogers announces \$714,000 grant to treat drug addicts

WASHINGTON, DC.—U.S. Congressman. Harold “Hal” Rogers (KY-05) announced that Operation UNITE’s Substance Abuse Treatment Voucher Program has received a \$714,000 grant from the Department of Health and Human Service’s (HHS) Center for Substance Abuse Prevention to assist individuals seeking treatment for substance abuse.

“Treatment is one of the most effective ways to treat those bound by the chains of addiction,” said Rogers. “Operation UNITE should be commended for their three-pronged strategy — investigation, education and treatment — to fight the scourge of drugs in our region. It is refreshing to see our communities come together to help those who are seeking assistance. We can draw our strength from one another to keep drugs off our streets and protect our families from the perils of addiction.”

Operation UNITE’s Substance Abuse Treatment Voucher Program assists individuals and families living in Kentucky’s Fifth Congressional District that suffer from substance abuse issues. UNITE will provide a one-time limited payment for substance abuse treatment at residential facilities. As of April 30, 2009, Operation UNITE’s Treatment Voucher Program has had 3,634 applications taken since inception. Over 1,440 participants have entered a residential treatment program and 919 of those participants have completed a residential substance abuse treatment program. UNITE intends on assisting at least 120 voucher recipients enter a residential substance abuse treatment program through this funding.

As a senior member of the House Appropriations Committee, Rogers works to secure funding for important initiatives in the Fifth Congressional District.

Air Force drops support for coal-to-liquid fuels

Oct. 22—In another policy shift resulting from this year’s change in the presidency, “The Air Force has quietly dropped plans to facilitate construction of coal-to-liquids fuel plants under an effort to use domestically produced alternative jet fuels,” Ben German reports for Energy and Environment News.

The Air Force had been trying to develop a coal-to-liquid industry as a secure, domestic source, and promoters of the industry see military supply contracts “as a way to ensure a market for expensive commercial-scale CTL plants, which have not been built in the United States, although several companies have planned facilities,” German reports. The Air Force uses 10 percent of the country’s jet fuel and is still looking for alternative fuels, a spokesman said.

CTL plants have long been feasible, and are common in South Africa, but emit high levels of greenhouse gases, and carbon capture and sequestration technologies “have yet to be commercially deployed,” German notes.

Gateway Head Start hosts family outing at Cave Run

More than 200 families attended Gateway Community Action’s Head Start Program’s family outing, “Welcome to Head Start,” event held at Cave Run Lake on September 19. The weather was perfect, the atmosphere was fun, and the games and activities brought smiles to the children. Upon arriving, guests were greeted by Cat in the Hat. Once inside the park, everyone enjoyed meeting and taking pictures with Smoky the Bear and Woody the Owl.

Children enjoyed the bubble blower, making books & butterflies, playing in the ever-popular goop, and sporting beautiful drawings on their faces after visiting the face painting station. Inflatable bouncy houses set up throughout the park were a hit, and music rang out from the Amphitheater where children danced and swayed to catchy tunes that are part of our I Am Moving I Am Learning curriculum designed to promote movement and gross motor throughout the Head Start day.

Many community partners set up display booths and as families visited, they received information and gifts. Gateway

extends appreciation to the Menifee County Job Corp, Dean Rowland with the 2010 Census, Jacqueline Campbell with Gateway District Health Department, Shirley Prater with Kentucky Homeplace, Nellie Buchanan with the Extension Office, Stephanie Bowling with Commissions for Children with Special Health Care Needs, Pam Mattox with First Steps, Lori Sorrell with Gateway Community Action’s Community Services Block Grant, Melissa Kane with Resource & Referral, and Rhonda Sloan with Commonwealth Educational Opportunity Center for their participation.

Grilled hotdogs and drawings for great door prizes rounded out a perfectly wonderful day. The Head Start Director spoke briefly to the crowd. She commended families for attending and encouraged them to remain involved throughout the school year. She also thanked staff for their time and effort in making the day a success.

For more information about Gateway Head Start, call 606-743-3133.

Surgical Weight Loss Pgm. at King’s Daughters Hosp.

First single-incision bariatric surgery performed at KDMC

General and bariatric surgeon Timothy Wheeler, M.D., performed the region’s first single-incision bariatric surgery Sept. 1. Wheeler used an innovative method for performing surgery through one incision in a patient’s belly button.

The surgery resulted in the placement of a laparoscopic band to constrict the size of the patient’s stomach. Wheeler has since performed the procedure several more times for patients who are good candidates for the single-incision procedure.

“This is the next evolution in minimally invasive surgery,” Wheeler said. “Until the single-incision procedure, we operated through four tiny incisions. Now we can do it with one.” Wheeler

emphasized not every patient is a candidate for single-incision surgery, and choosing a procedure is a decision a patient and surgeon can make together.

The single-incision procedure is used for a variety of surgeries. General and bariatric surgeon Eric Smith, D.O., performed the region’s first single-incision laparoscopic cholecystectomy (removal of the gall bladder) this past spring at KDMC.

The Surgical Weight Loss program at King’s Daughters Medical Center has three surgeons: Wheeler, Smith and Roderick Tompkins, M.D. The program includes a variety of nursing experts, dietitians and behavioral health counselors.

KDMC has been performing minimally invasive surgeries for weight loss since 2003. Since then, KDMC has performed more than 2,000 procedures. Nearly all bariatric surgeries at King’s

Daughters fall into two categories. The first, laparoscopic banding, has the surgeon placing an adjustable band placed around the stomach. This adjustable band decreases the amount of food the stomach holds, making a patient feel fuller, faster. Though it is intended to be a long-term treatment, the device can be removed. Following removal, the stomach and other organs typically return to their original state.

The second procedure, known as gastric bypass, consists of the surgeon making a small stomach “pouch” and attaching a Y-shaped section of the small intestine directly to the pouch. The pouch holds less food, making the patient feel fuller, sooner. With the new attachment of the small intestine, where calories and nutrients are absorbed into the body, fewer calories stay in the patient’s body. Gastric bypass procedures require patients to start supplementing their diets with daily supplements.

2.9 million base acres enrolled in DCP and ACRE in Kentucky

LEXINGTON, Ky., 26, — On October 20, Agriculture Secretary Tom Vilsack announced that approximately 255 million base acres on about 1.7 million farms were enrolled in the Direct and Counter-cyclical Program (DCP) and in the Average Crop Revenue Election (ACRE) program. USDA will issue nearly \$4

billion in 2009 final direct payments to eligible producers on approved contracts. Producers have already received advance payments of approximately \$900 million.

Kentucky enrolled 466,418 ACRE Base Acres on 1,715 farms and 2,507,339 DCP Base Acres on 40,312 farms.

Producers who signed up their farm under DCP are eligible for direct payments, counter-cyclical payments and marketing assistance commodity loans.

The optional ACRE program, added under the 2008 Farm Bill, is an alternative revenue-based safety net to the price-based safety net provided by counter-cyclical payments for crop years 2009 through 2012. Producers participating in the ACRE program are also eligible for direct payments and marketing assistance loans, but direct payments are reduced by 20 percent and the loan rate is reduced by 30 percent with respect to covered commodities and peanuts on a farm.

This was the first year of the ACRE program and approximately eight percent of the total number of farms enrolled in the 2009 DCP and ACRE programs elected to participate in ACRE, representing nearly 13 percent of the base acres. Of the 22 different crops eligible for enrollment, corn had the highest number of base acres enrolled, followed by wheat and soybeans, and producers mainly planted these three crops. Producers are encouraged to speak to representatives at their local land grant university or USDA Farm Service Agency county office to get more information on the benefits of electing ACRE for the remainder of the 2008 Farm Bill.

Disaster readiness to be topic at Nov. 5 event at Library

AmeriCorp members, Monica Brewer and Jamie Peyton, will be holding a Disaster Preparedness "Be Ready" Night at the Morgan County Public Library on Thursday, Nov. 5, from 5 p.m. to 7 p.m. They will be providing information that will help prepare the community for various types of disaster.

Peter Brandt with American Red Cross will be speaking at the event and be available for any questions that members of the community may have. At the event, informational bags will be handed out containing pamphlets and other items that will provide information for the community. A raffle will also be held during this time for a disaster kit backpack valued at \$80.00. The kit contains a weather radio, emergency food and water, first aid kit and more. This will be a great event for the community since the winter months are upon us and possibly bring with it snow/ice storms and household fires due to faulty extension cords and space heaters.

For additional information, contact Monica or Jamie (Morgan Central Family Resource Center) at 743-8432.

Oct. 26--We extend our deepest sympathy to all who have lost loved ones.

Estelle and Louise Caskey visited last Tuesday afternoon with Mrs. Joyce Ferguson.

Estelle and Louise Caskey were in Prestonsburg last Wednesday attending the Kentucky Bar CLE program held at Jenny Wiley Convention Center.

Mr. and Mrs. Donald Adkins had business in Paintsville last Saturday.

Saturday afternoon visitors of Mrs. Julia Johnson were family members Tonya Johnson, Dennis Johnson, and Timothy Johnson.

Mrs. Josephine O'Neal and Mrs. Bernice Marie Bolin visited one day last week with Mrs. Julia Johnson.

Mrs. Della Banks made a business trip to Lexington last week.

Dr. Janet Ratliff, of Morehead, had business in Lexington for a few days last week.

Mrs. Josephine O'Neal visited last Friday afternoon with Pearl Johnson who is recovering from knee surgery.

Mrs. Josephine O'Neal visited Saturday afternoon with Mr. and Mrs. Mitchell O'Neal.

Dennis Johnson and Debbie Prater, of Salyersville, visited Sunday afternoon with Mrs. Julia Johnson.

Household Hints

Reportedly, taking 3 tablespoons of honey daily will help to regulate your digestive system.

WD-40 or 3 in 1 oil are good lubricants for squeaky hinges. Aerosol shaving cream will also work.

Place two cups of coffee in rinse water to renew the color to washable black clothing.

Reportedly, your immune system can be boosted by eating lean protein foods such as chicken, fish and dairy products as well as fruits, vegetables, and whole grain foods; take a multiple vitamin with minerals, exercise, and get plenty of sleep.

To cut down on shampoo waste, transfer shampoo and conditioner into pump bottles. Just one squirt per application is all you need.

Oct. 26--Sympathy is extended to those who are bereaved and get well wishes to the sick and shutins.

Barry and Dempsey came on Saturday and Barry fixed my gas wall heater as it had been out for awhile. Thanks to him. Dempsey got water and went deer hunting but didn't get one. Better luck next time.

Alpha was at the park Thursday and was sitting in my vehicle eating lunch and I had my radio on W.L.K.S. West Liberty and Rev. Gary Ferguson was preaching. He always does a good job and he was talking about halloween and the way it's celebrated and that people loved that time of year with all the witch craft, etc. and that it was all sinful and not right. I thought how true that is. It's celebrated more than Thanksgiving. A lot of wrong goes on at Halloween.

Alpha, Gayle, and Ann were in Salyersville on Monday, Oct. 12, for the funeral of Nolan Hall (Country Cousin) at the Christian Church. A large crowd in attendance.

Sympathy is extended to all his family and friends. He will be sadly missed on the radio station at W.R.L.V. Salyersville. He always played gospel songs on the radio station at W.R.L.V. Salyersville each Sunday morning from 7 a.m. til 10 a.m. May God bless and comfort each family member.

Dempsey came on Saturday evening to get water and took out my air conditioner and went up in the woods to put up a tree stand when gun season comes in for deer. Thanks for his help.

Today, Saturday, Oct. 17, is really cold and the temperatures are supposed to drop and on Sunday it is supposed to be real cold and snow flurries. I can't believe the weather has turned so cold so quickly but they are giving warmer temperatures on Monday. I hope it does warm up soon and we'll have some fall days and sunny weather and now it feels like December of January weather. It's not like it used to be. Time has made a change. I have a song ballad called Time Has Made A Change. Oh how true that is.

Thanks to George Nickell and wife for bringing me a nice little dog, part Jack Russell and Beagle. I am so pleased with it. It's so sweet and friendly. I'm so glad to have a small dog around the place and a good hunter, too. It's two years old. again thanks to you for the dog.

I was walking at the park down by the river and I stopped and looked at all the beautiful

colorful trees and leaves on the trees and the beautiful water flowing and it was greenish and swirling and ripples. I thanked the good Lord for His beautiful handiwork and all He has created in the world and how people should be more thankful for all the good Lord has done.

How are you Jewell Lewis? Hope you are well and doing fine. I haven't heard from you in a while.

How are you Sue Kinner? Hope you and Earl are fine. I guess you are enjoying this beautiful fall weather. It's been chilly and nippy too early in the morning. This morning was cold and frost. it seems fall weather set in early. Hope we don't have a real cold land bad winter later on. We never know.

We hear Rev. Vernon Lewis each Sunday at 1 p.m. on W.L.K.S. West Liberty. He and others do a good job preaching. Keep up the good work for the Lord. It's good to know that people are working and serving the Lord in times like these.

My sister, Enone, of Elliott County, called Sunday afternoon. Good to talk to her. She and Ed were very well and I asked her how J.D.'s wife, Lorinda, was getting along. She had fell and sustained an injury to her left arm recently but is much improved at this time.

How are you Karen Lewis, of Louisa? Hope you are doing well. Call me sometime. Barry talked to Laura (his daughter) on her birthday, Oct. 19th, and she and some others were going out to eat and Katie and family was expected to visit them.

Alpha worked on Saturday bringing all her plants inside. It's a job taking care of them. Sunday morning was real cold and frost. I hate to get out and go anywhere anymore. So much flu and colds around everywhere and Morgan County schools are closed down this week because of swine flu and last week Elliott County schools were closed because of flu. I have prayed and prayed for people who have the flu and prayed and asked the Lord to protect all my family and friends from the flu. I hope we don't get the bad flu. I never can take a flu shot as I am always allergic to them. I took one in the year 1996 and I was ill from October to springtime and I never have taken another one. I trust in the Lord to keep us safe from the flu. Trust one that never fails us and have faith in God.

Thanks to Ray and Ruth Potter for taking care of my dog till we picked him up. He ran down the road and stoped at their house and she called and told me about it. he was a huge dog and much too big for me to handle. I'm glad that I have a smaller one.

Oct. 26--Roby Gullett, Darrell and Ella Mae Nickell attended the viewing of Hazel Craft at the Wardie Craft Church, at Caney, last week. Darrell and Ella Mae attended the funeral of Normal Lee Montgomery last week at the Magoffin County Funeral Home. Darrell and Ella Mae, Donnie Lykins, and Lexie Francis attended Pikeville Church on October 18th. Darrell and Ella Mae attended their home church over the weekend. Mr. and Mrs. Jimmy McClure and sons visited recently with Mr. and Mrs. Darrell Nickell. Sorry to hear Tammy Nickell (niece of Barbara

Jean Nickell) was killed in a hit and run accident last week in Florida.

Darrell and Evelyn Williams, of Riverside, Ohio spent the night here at their place last week. Mr. and Mrs. Kennel Lewis visited with the. Joyce LeMaster and Jackson Bailey visited one evening with the Lewis's. Jerry Stapleton was also visiting them.

Jimmy Nickell, of Lebanon, Ohio, spent the weekend here with his parents, Mr. and Mrs. Arlie Nickell.

William Dan LeMaster visited Sunday afternoon with his parents, Mr. and Mrs. Dan LeMaster, Jr.

Thousands expected to file for office in 2010, candidate filing period begins Nov. 4

FRANKFORT — Thousands of Kentuckians are expected to file paper work with the Secretary of State and their local county clerks to seek political office during the 2010 election cycle. Potential candidates seeking an office on the 2010 ballot may begin filing with the Office of the Secretary of State and their county clerks on November 4, 2009. Candidates will either appear on the May 18, 2010 primary or November 2, 2010 general election ballots.

"This election cycle should be exciting in Kentucky with so many important races on the ballot," stated Secretary of State Trey Grayson. "Hopefully, many citizens will give serious consideration to becoming candidates for one of the many races on the ballot in 2010."

Republican and Democratic candidates have until January 26, 2010 to file for office. Independent or political group candidates, excluding federal offices, must file a statement of intent by April 1, 2010. All independent or political group candidates have until August 10, 2010 to file their petitions. Each of the filing dates includes a 4:00 p.m. filing deadline.

Candidates for offices that file with the Office of the Secretary of State may begin to file their papers as early as 8:00 a.m. EST. Candidates for offices that file with the local county clerk should call their clerk's office for more information about filing times.

Offices that file with the Secretary of State that are regularly scheduled to occur in 2010 include:

- United States Senator
- United States Representative
- State Senator (Even Districts)
- State Representative
- Justice of the Supreme Court, District 3
- District Judge

Offices that file with the local county clerk that are regularly

scheduled to occur in 2010 include:

- County Judge/Executive
- County Attorney
- County Clerk
- Property Valuation Administrator
- Sheriff
- Jailor
- County Commissioner
- Coroner
- Magistrate/Justice of the Peace
- Constable
- Surveyor
- Mayor
- City Legislative Body
- Board of Education (School Board)
- Soil and Water Conservation District Supervisors

In order to help candidates seeking political office, the Office of the Secretary of State developed a ballot access procedural manual titled: Declaring Your Candidacy. This manual has been updated for this election cycle and provides Kentuckians with a quick guide to filing for political office.

Although the publication focuses primarily on candidate filing procedures, sample forms for attaining ballot access, and qualifications for each elective office, it also includes other important and pertinent election information that may affect candidates. The manual contains an election schedule, sample filing forms of various types, contact information for state election agencies, and answers to candidates' most frequently asked questions.

There will also be additional races this year to fill unexpired terms. Currently, the following offices that file with the Secretary of State will appear on the ballot in order to fill unexpired terms, including the following in the 37th Judicial District:

Circuit Judge—"Family Court" 37th Judicial Circuit, 2nd Division (Counties: Carter, Elliott & Morgan) Vacancy created by resignation of Kristi Gossett.

FORMER STUDENTS OF HGA WHO DIED VIETNAM

The names of four former students of Hazel Green Academy who were killed in battle and whose names are recorded on the Vietnam War Memorial Wall in Washington, D.C. They are Gary Dore, Billy Lackey, Roger Melczek, and Danny Taulbee. Doug Holbrook was also killed in Vietnam, but, for some reason, his name is not on the Wall. Readers who may know of others who died in the Vietnam War from HGA are asked to contact the writer.

The families and relatives of the 58,000-plus fallen soldiers on the Wall should be made aware

of "A National Call for Photos" project by the Vietnam Veterans Memorial Fund and FedEx Office stores. Photos will be copied free at FedEx Office stores. The photos will be put on display at The Education Center at the Wall and on the Internet.

The goal is to have at least one photo of each soldier on the Wall. The families of these soldiers are most likely to have a picture of their loved one in military uniform. If not, a high school yearbook photo will suffice.

If you have questions regarding the Call for Photos, please call: 1-866-990-WALL (8255) or send an email to: vvmfcenter@vvmf.org The deadline is May 10, 2010.

As a Vietnam War Air Force veteran, I hope we will never forget the sacrifice of our young men and women in uniform (past, present, and future). Vietnam vets received shoddy treatment for answering the call of our Nation to serve, in war and peace, at any time, anywhere. They and present servicemen and women protect our freedoms when we are too young or too old to bear arms ourselves.

Stivers is chosen majority leader by Senate Republicans

FRANKFORT — Dan Kelly, the former Republican Majority Leader in the state Senate, is still a state Senator — for now. But his party has a new majority leader — Manchester attorney and Republican Sen. Robert Stivers. Stivers was chosen by a vote of the Republican caucus in a closed-door meeting Oct. 18, winning over his only opponent, Sen. Damon Thayer, R-Georgetown.

Stivers, whose 25th Senatorial District includes Morgan and Wolfe counties, will immediately assume the post of Majority Leader, the person who controls the flow of legislation on the floor. He presently is chairman of the Judiciary Committee but it's not known if he will retain that post.

Kelly two weeks ago resigned as Majority Leader after submitting his name for a vacant judgeship in the 11th Circuit. A nominating commission chose three nominees and Gov. Steve Beshear later appointed Kelly to the post, creating another Senate vacancy in a previously Republican seat, and another opportunity through special election for Democrats to narrow the Republican majority.

Kelly served as Majority Leader for nearly 15 years during which Republicans have not agreed on how to assist the troubled horse industry.

Beshear wants to allow expanded gambling through electronic slots at the tracks. Senate President David Williams, R-Burkesville, has led the Republican resistance to the idea. But if Beshear appoints Kelly to the judgeship and Democrats win a special election for his seat, Republicans will enjoy only a 19-18 edge with one independent. Williams has been harshly critical of Beshear's actions in offering Senate Republicans jobs to create those opportunities.

Stivers sidestepped questions about but appeared cool about Beshear's strategy.

said. "I must note, however, that the flu tests are not very effective and have been yielding many false negatives. The H1N1 flu has turned the medical world upside down."

Local school officials dismissed classes this week after district attendance hit a low of 79.2 percent last week, due to illness among students and staff members.

Several surrounding school districts have also recently cancelled classes due to illness.

School Board Chairman Patty Hutchinson said that there have been no reported cases of H1N1, despite several cases of type-A and type-B influenza.

"The school buildings will be cleaned thoroughly during this break," Hutchinson said. "I hope everyone gets well, so we can get back to school."

Hutchinson also noted that board members could possibly opt to use some Thanksgiving vacation days — originally scheduled for a whole week — to make up days missed this week.

To learn more about H1N1, citizens may call the Kentucky Department for Public Health's H1N1 hotline at 1-877-843-7727, Morgan County ARH at 606-743-3186 and Morgan County Health Department at 743-3744.

PRIDE's Tammie Wilson presented certificates to those who were trained to comply with PRIDE guidelines for the Morgan County 4-H Youth Development grant. In the photo are: Angie Elliot, Morgan County Extension Service; Tammie Wilson; Keith Halbrook, Morgan County 21st Century Learning Center; and Kim Cox, Morgan County Extension Service.

PRIDE awards \$4,000 for education in Morgan Co.

SOMERSET, Ky. — This year, more than 600 students in Morgan County will enjoy hands-on lessons in good stewardship, thanks to a PRIDE Environmental Education Grant.

Morgan County 4-H Youth Development was awarded a \$4,000 grant to pay for an overnight environmental camp for 670 students. The grant includes \$500 to operate a service-oriented PRIDE Club this year.

"I thank you for taking the initiative to get students excited about the spectacular natural resources that surround them," said Karen Engle, who heads PRIDE, to all grant recipients. "Our region's scenic beauty is precious. If our children learn to nurture this valuable asset now, then they can enjoy it with their children and even generate jobs

through tourism. These grants are a wise investment in the future."

The PRIDE Environmental Education Grant Program is available to schools, nonprofit organizations and other education providers in 38 counties of southern and eastern Kentucky. The one-year grants support hands-on activities that show students how and why to take personal responsibility for their environment. The maximum grant value was \$4,000 this year. Grant recipients must make monetary or in-kind contributions worth 10 percent of their grant amount, and community involvement is encouraged.

This year, PRIDE awarded 94 Environmental Education Grants

HE HIDETH MY SOUL

A wonderful Savior is Jesus my Lord, a wonderful Savior to me. He hideth my soul in the cleft of the rock where rivers of pleasure I see. He hideth my soul in the cleft of the rock that shadows a dry, thirsty land. He hideth my life in the depths of His love and covers me there with His hand a wonderful Savior is Jesus my Lord, He taketh my burdens away. He holdeth me up and I shall not be moved. He giveth me strength as my day. With numberless blessings each moment He crowns; and filled with His fullness divine, I sing in my rapture, oh, glory to God for Such a redeemer as mine, when clothed in His brightness, transported I rise to meet Him in clouds of the sky. His perfect salvation, His wonderful love. I'll shout with the millions on high.

"How's that?" he asked. "I printed your article of resignation as Mayor just as you wrote it."
"Yes," he said, "but look

where you put it – under PUBLIC IMPROVEMENTS!"

Everyone can do something to make the world better. You can improve yourself. And if you don't become better, you'll stop being good.

Concerning our Lord, the Bible says, "Jesus grew in wisdom and stature, and in favor with God and man."

Are you improving yourself daily by growing mentally, physically, socially and spiritually?

If you're still breathing, you can improve.

Homecoming Nov. 1st

New Hope Baptist Church will hold its annual homecoming 11 a.m. Sunday, Nov. 1. God has done a wonderful work through New Hope Baptist Church during these 18 years of work and ministry, including a great worship center where needs are met.

God has met our needs by sending about 500 people to work on the second phase of our building in the past two years. Now the building is complete with classrooms and a large fellowship hall.

Come and fellowship and worship with us on this great occasion. We would love to see our church members we have not seen for awhile!

Bible study begins at 10 a.m., and worship begins at 11 a.m.

Yours in Christ,

STRANGER ON THE ROAD

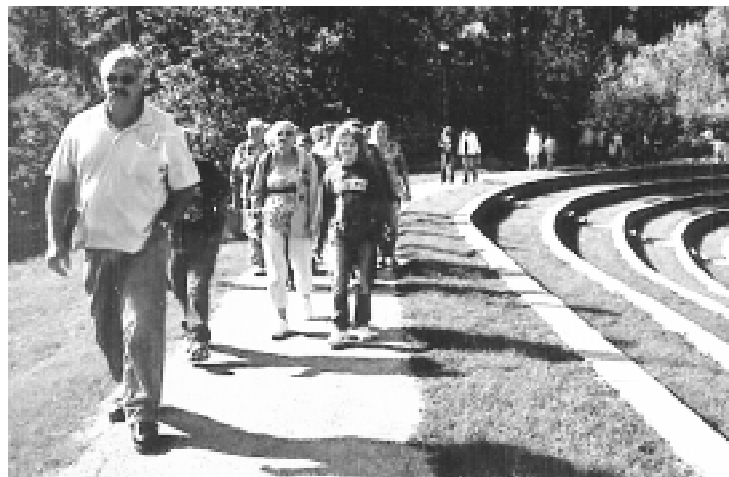

While walking down the road from calvary, two men were so lonely and sad. They were talking of a man called Jesus; the best friend they ever had. Then came along a stranger. He asked them why they were so sad. Now here was the story they told Him, they've hung the best friend we ever had. He said let not your heart be troubled. Fear not I'll bare your heavy load. They knew this was the man called Jesus, the stranger they met on the road.

Second annual "A Walk To Remember" held Oct. 11

Morgan County's second annual "A Walk To Remember" was held on Sunday, October 11, at Old Mill Park. Approximately 100 people attended the event to honor the memory of their child or loved one and to support those in the community who struggle every day in the dealing with the loss of a child. The event included a remembrance ceremony, recognition of each child by reading their names, a memory walk, tree dedication with ribbon tying and a balloon release. A special thank you goes out to everyone who attended the event and all the wonderful people who helped throughout the day to make everything go as planned. It truly made this year's event such a memorable experience. We would also like to thank those individuals, organizations and businesses that made donations to the cause. The second Sunday in October has been proclaimed as "A Walk to Remember" Day in Morgan County. Please make plans to attend this yearly ceremony.

Caney Valley

By Tracey Barker Hatton

Oct. 26 – Hello again from Caney Valley. We experienced another death in our community last week. On Oct. 19, Roxie Allen passed away. She was a long time resident of Caney. We celebrate her heavenly homecoming, as she was prepared to meet the Lord.

Roxie was the postmaster at the Caney post office. (Remember, the old zip code for Caney was 41407? I learned that as a child.) I remember going to the post office with Mom and seeing Roxie work behind the counter.

In recent years, Raleigh and Roxie attended church at Centerville, and we worshipped with them under Bro. Harry's preaching. Roxie was a wonderful Christian lady, and another angel in our community who has gone home. May God be with the ones who are left behind, her family and friends.

Debbie Craft called and wanted to thank everyone who came to Hazel's wake and service. As stated:

"The family of Hazel Craft wants to thank everyone who came to Mother's wake and funeral. To the ones who brought food, sent flowers, the preachers and the ones who showed respect for Mother, we thank you for your kindness.

"We especially want to thank West Liberty Nursing & Rehabilitation Center, and all the staff that took a loving kindness to her special needs.

"Thanks to ARH for their kindness, and also to Dr. Frederick for the extra care to make mother more comfortable during this time.

"The Hazel Craft family and sisters: Angela Craft Jackson, Debbie Craft, Isaac Craft, Paul Craft and foster children, and Mother's sisters, Georgia Fugate and Blanch Picotto."

The family of Rebecca Hammond would like to thank the community for all the prayers lifted up during their time of loss:

"Thank you to Sue Perkins (great-niece) for the beautiful songs that were sang. To Bro. Mike Frisby, who delivered the eulogy and spoke kind words of his aunt, and to Bro. Harry Flannery, who delivered the message. Thanks to Centerville Church for the wonderful dinner prepared for the funeral.

"May God bless each and every one who took the time out of their day to pray, attend the fu-

neral or make a phone call. We appreciate the thoughtfulness and kindness."

Eunice and Elmer had several visitors two weeks ago. Her family came in and saw her, as well as Becky before she passed away. Her niece, Carolyn, came down from Ohio and spent a few days with them. Her brother, Hobert, and nephew, Ray, came up to see them. Eric and Brenda Hatton came up a couple days and spent time with them as well. They really enjoyed seeing one another.

I wanted to express my sympathy to Bro. George Oney and his siblings, Hazel, Dean and Irvine, on the loss of their sister, Venice Anderson. She lived in Alaska.

We are out of school this week to due illness throughout the county. Folks, if you are sick or your child is sick, please try not to get out. Continue to practice good hand washing and respiratory hygiene. Drink plenty of fluids and take Tylenol for a fever. We all need to work toward getting healthy and do a lot of praying.

Brenda Adams called recently and said that she and Clarence, along with Virginia and Ralph Medina, took an eight-day tour of the New England states that was offered by World Wide Country Tours. They were Massachusetts, Vermont, New Hampshire, Connecticut, Maine, New Jersey and Pennsylvania. They saw a lot of history and thoroughly enjoyed this trip.

After they returned home, all met at the home of Myrtle Watson, who is Clarence's sister. Nieces and nephews gathered in, and they had a small family reunion.

Patty Phipps and Norma Risner went down to see their sister, Terry, for her birthday, and spent the weekend with Terry and her husband, Ray.

Jerry Phipps came up to his mom's, Patty Phipps, for his birthday on Oct. 20, and had a great time with his family.

On Saturday evening after church at Centerville, we enjoyed a pizza supper and desserts in honor of Pastor Appreciation Month. We celebrated appreciating our pastor, Bro. Harry Flannery, and his wife, Cathy. They are very devoted servants to the Lord. We love and appreciate them both! May God bless you all.

We had church at Brushy Fork on Sunday, Oct. 25. We had a wonderful church meeting. There will NOT be church on Nov. 1

Brushy Fork, as Bro. Hobert is scheduled for a cardiac cath on Wednesday, Oct. 28. Please remember Bro. Hobert and Betty in your prayers. They are also devoted servants to the Lord.

I was afforded the opportunity to take a day off from work on Friday, Oct. 23. (This was before I knew I would have a week off.) I want to thank my boss, Jahna Lane, for this, and to Sharon Martin, who worked in my place. It was a wonderful day off, and just refreshing to spend the day with my husband.

Boone and I enjoyed the day together going out to eat breakfast and going bowling in Mt. Sterling (I lost both games, but it was a friendly competition). We then stopped at Wal-Mart and then ate lunch at Taco Bell.

Back in West Liberty, we stopped at McDonald's, where we enjoyed an unsweetened tea and visited about 30 minutes with Boone's daughter, Bridgett, after she got off from work.

I really enjoyed having the day with Boone. I really enjoy my job being the school nurse at Morgan Central, but sometimes we need a reprieve. I feel it is very important for husbands and wives to spend time together. This is an ingredient for a happy marriage.

In Ephesians 5:22-23, 25 and 28: "Wives submit yourselves to your own husbands as unto the Lord. For the husband is the head of the wife, even as Christ is the head of the church; and He is the savior of the body." "Husbands, love your wives, even as Christ also loved the church and gave himself for it." "So ought men to love their wives as their own bodies. He that loveth his wife, loveth himself." (KJV)

During the relationship of marriage, the word starts after the wedding. A husband and wife both need to nourish and cherish this relationship with God being the head of the marriage. Each one has to develop an individual relationship with God. Visualize, if you will, a triangle with Jesus Christ being at the top, and the husband and wife at the base. As your relationship grows with Christ and moves toward Christ, and each one of you are doing this, then your relationship with one another grows closer.

A marriage needs to be based on Biblical principles, keeping in mind making your marriage God honoring and Christ-Centered. This relationship with husband

and wife is to have a mutual respect for one another. This is treating each other with kindness, love, gentleness, forgiveness and your presence.

The scriptures above do not entitle a man to be a dictator or a master over his wife, but to love her and treat her as a precious gift in his eyes. This is what the church is Christ. Women, you are not to be mean spirited to your husband, but love him as the church loves Christ.

Your relationship with your spouse is very important, and needs to be nurtured every day that you have together. If this nurturing is based on the Bible, then your relationship will grow every day in God. God is to be first in your life.

In the Ten Commandments in Exodus 20:3 (KJV): "Thou shalt have no other gods before me." Anything or anybody you put before God is not honoring God, as stated in this scripture.

Remember, as your grow in your relationship with Jesus Christ, you will also grow in your relationship with your spouse. Plan a date with your spouse. may God bless and keep you.

Happy Birthdays

Terry Stacy, Sandy, Jerry Phipps and Mr. Earl Kinner on Oct. 27.

Happy Anniversaries

Stanley and Avanel Whisman, 50 years.

Prayer Requests

Dylan Evans (son of Barry and Dianna Evans), Anna Ruth Harper, Don Cheek, Sylvia Carter, Randy Maloney, Becky Roseberry, Sheryl Howard, Kristen Kearns, Troy Sanders, Bro. Hobert Dunn (heart cath on Oct. 28), Woodford and Berchlene Henry, Cecil Griffin, our schools and our community.

Your Social Security

What To Do If Social Security Pays You Too Much

What should you do if Social Security pays you too much? That may seem like a strange idea at first, as most people worry about not having enough money. If you receive monthly Social Security or Supplemental Security Income (SSI) benefits, an overpayment can occur for many reasons, including work or another benefit that requires a reduction in your Social Security or SSI payment.

If Social Security does pay you too much, you will receive an overpayment notice in the mail. If you have a representative payee who helps you manage your money, a copy of the letter will go to your payee. The notice will explain why you were overpaid, your repayment options and your appeal and waiver rights. You should read the notice carefully.

If you agree with the overpayment decision, you have options for repaying it. We can withhold your overpayment from your monthly benefit payments or withhold a portion of your payment until the money is paid back. If you no longer receive benefits, you can send a check to Social Security for the entire amount or set up a plan to pay back the amount in monthly installments.

If you are not receiving benefits, and you do not pay the amount back, we can recover the overpayment from your federal income tax refund, from your wages if you are working or from future SSI or Social Security benefits. If you do not make an effort to repay the amount due, we may report the delinquency to credit bureaus.

If you believe that the overpayment decision is wrong and you should not have to repay it, you have the right to appeal the decision or request a waiver of

recovery. If you believe you were not overpaid or the amount of the overpayment is wrong, you can file an appeal within 60 days of receiving the overpayment notice. If you agree that the overpayment is correct but you believe it was not your fault and paying it back would cause you financial hardship or be unfair for some other reason, then you can request a waiver of the recovery. Whether you submit an appeal or waiver request, all recovery would be suspended until a formal decision is sent to you.

It is also important to know that Social Security will not take action to begin collecting on an overpayment without first notifying you and giving you the chance to appeal the decision. It is also good to know that no matter how long it takes to pay back an overpayment, Social Security never charges interest on the money owed.

If you would like to learn more about Social Security and SSI overpayments, we have a convenient and easy-to-read electronic fact sheet on the subject. You can find it at www.socialsecurity.gov/pubs/10098.html.

Learn more about Social Security at www.socialsecurity.gov. Bernard O'Nan is the district manager at the Ashland Social Security office. A representative from the Ashland office visits West Liberty every first and third non-holiday Monday at the Community Center starting at 8:30 a.m. The Ashland office can be reached at 606-324-0516.

Odd Taters!
Maxine Adkins, of Highway 172, stopped by The Courier Office recently to show these odd shaped potatoes that she and her husband, Donald, grew in their garden this season. Some of the potatoes resembled ducks, dogs, and turtles. Mr. and Mrs. Adkins grew several bushels of potatoes and other vegetables this year. They have had a bountiful harvest and have graciously shared vegetables with many of their friends who are very thankful.

NOTICE OF SALE
Commonwealth of Kentucky
Morgan Circuit Court
Case NO. 07-CI-00109
Opal Gibson,
Plaintiffs
vs.
Gary Gibson, ET AL,
Defendants

Pursuant to the Judgment and Order of Sale in the Morgan Circuit Court, entered on the 10th day of June, 2009, in the above styled action, Hon. Robert L. Caummisar, Master Commissioner of the Morgan Circuit Court, shall proceed to offer for sale, under the following terms and conditions, at the front door of the Courthouse, West Liberty, Morgan County, Kentucky, to the highest and best bidder, at public auction, on the 6th day of November, 2009, at the hour of 12:15 p.m., the following described property, lying and being in the State of Kentucky, County of Morgan and more particularly described as follows, to-wit:

Parcel A
Tract One
On the waters of Big Sinking Creek, a tributary of Licking River, and more particularly described as follows, to-wit: BEGINNING at a white oak on top of cliff at Bill Robbins corner; thence down the drain with Willis Carter line to Big Sinking; thence up the point with Willis Carter line to a white oak marked; thence continuing with Willis Carter line to cross marked in rock; thence running with top of cliff to an iron stake where pipeline used to be; thence southeast course with Willard Lewis line of the Big Sinking; thence southeast course and Abner Cheney line to top of cliff; thence northeast and with cliff and Bill Robbins line to a white oak the point of beginning. This property is also known as the Shelt McKinney farm and is further described as follows:

Bounded on the North by the lands of Arnold McKenzie; Bounded on the East by the lands of Willis Carter; Bounded on the South by the lands of Norman Sheets; Bounded on the West by lands of Willard Lewis.

Being the same property conveyed to Harbison-Walker Refractories Company, from Jessie Barnett and Lizzie Barnett, his wife, by deed dated January 29, 1957, recorded in Deed Book 93, Page 297, Morgan County, Kentucky, Deed Records.

All of the fireclay lying and being found on or beneath the surface of the following described lots, tracts or parcels of land, lying, being and situated in County of Morgan and State of Kentucky, to-wit:

TRACT ONE: Bounded on the North by lands of C. Lewis, East by lands of W. Lewis, South by lands of B. Cox, and West by lands of L. Conley and F. Barnett, containing 42 acres, more or less.

TRACT TWO: Bounded on the North by lands of A. McKinzy, East by lands of [sic] Barnett, South by lands of A. Ferguson, and West by J. Barnett, containing 25 acres, more or less.

Being part of the same minerals conveyed to Harbison-Walker Refractories Company, from Opal Frisby and Leon Frisby, her husband, et als, by Deed dated April 19, 1958, recorded in Deed Book 94, Page 295, Morgan County Records; and by Master Commissioner's Deed dated April 23, 1958, recorded in Deed Book 94, Page 293, Morgan County Records.

Harbison-Walker Refractories Company was merged into Dresser Industries, Inc. on October 25, 1967 and a copy of the Agreement of Merger is recorded in Miscellaneous Book 8, Page 689, Morgan County, Kentucky, Records.

The above describe properties being a part of the same property, designated at Tract 001 and Tract 002, in the deed from Dresser Industries, Inc., a Delaware Corporation, to INDRESCO, Inc., dated July 31, 1992, recorded in Deed Book 155, Page 99, Morgan County, Kentucky, Deed Records.

INDRESCO, Inc. changed its name to Harbison-Walker Refractories Company on October 31, 1995, and the name change thereof is recorded in Miscellaneous Book 27, Page 545, Morgan County, Kentucky Records.

For History of Title to the above described real estate reference is made to the Deed of Conveyance from Harbison-Walker Refractories Company, Delaware Corporation, to Marshall Gibson, dated May 19, 1998, of record at Deed Book 178, Page 235 in the Morgan County Clerk's Office.

Parcel B
Lying and being in the County of Morgan, State of Kentucky and on the waters of Pleasant Run Creek and bounded and described as follows:

Tract No. 1: BEGINNING at a hickory on the ridge between two forks of Pleasant Run Creek, a corner to F.M. Peyton and J.N. Chaney, now Clay Lewis and Roy Elam; thence running down the point with the said Roy Elam line, crossing the Hickory Grove road, S 40 45 E 96.2 feet to a set stone by the side of the road thence leaving the road N. 64 30 E 355.5 feet to the branch by a large cedar tree at the line of Wendell Lewis; thence crossing the branch with W. NOTICE OF SALE
Commonwealth Of Kentucky
Morgan Circuit Court
Case NO. 09-CI-00049
The Citizens Bank, Plaintiffs
vs.
John E. Williamson, Et Al., Defendants
Pursuant to the Judgment and Order of Sael in the Morgan Circuit Court, entered on the 12th day of October, 2009, in the above styled action, Hon. Robert L. Caummisar, Master Commissioner of the Morgan Circuit Court, shall proceed to offer for sale, under the following terms and conditions, at the front door of the Courthouse, West Liberty, Morgan County, Kentucky, to the highest and best bidder, at public auction, on the 6th day of November, 2009, at the hour of 12:30 p.m., the following described property, lying and being in the State of Kentucky, County of Morgan and more particularly described as follows, to-wit:

BEGINNING at bottom of driveway at Corner of Tim Conley and Tracey Kimmel property and running in a southeast direction to steel stake 25 feet up on hill; thence in a southerly direction with a series of stakes approximately 750 feet; thence in a southwest direction with stakes approximately 250 feet; thence in a southwest direction with stakes approximately 150 feet; thence south approximately 250 feet; thence west approximately 450 feet; thence north approximately 900 feet to State Right of Way 519; thence east with State Right of Way 519 to the point of beginning.

Being the same property conveyed to John Williamson and Shelia Williamson, by deed dated July 7, 1998 from Timothy Conley and Tammy Conley, and recorded in Deed Book 179, Page 55, Morgan County, Kentucky Court Clerk's Records.

There is also included herewith a certain CAVA POWERHOUSE 28x80 DOUBLEWIDE MOBILE HOME, SERIAL NO. CV0AL0262836, which was permanently affixed and made part of the above described real estate by an Affidavit of Conversion to Real Estate dated January 9, 2008 and filed for record on January 17, 2008 in Miscellaneous Book 46, Page 545, in the Morgan County Court Clerk's Office.

The aforementioned real estate can not be divided without materially impairing its' value and shall be sold as a whole. The real estate shall be sold on a credit of thirty (30) days, with the privilege of the purchaser to pay for bid in cash, then the purchaser shall make a cash down payment in the amount of ten (10%) percent of the purchase price to cover the costs of the judicial sale; and the purchaser shall execute a bond for the remainder of the purchase price, with good surety thereon, to be approved by the Master Commissioner of this Court, and bearing interest at the rate of twelve (12%) percent per annum from the date of the sale, until paid; additionally, a lien shall be retained upon the real estate to be sold herein, to secure the payment of the balance of the purchase price within thirty (30) days of the date of sale upon which execution may be levied by the Master Commissioner of this Court.

In the event that the successful bidder is the Plaintiff to this action, which has been adjudged to have a lien on that particular tract or parcel of real or personal property bid upon, then and in that event, said party shall not be required to make any cash deposit or bond.

If any purchaser at said sale shall fail to immediately make cash payment or execute a bond, then the Commissioner shall declare the next highest bidder the purchaser of the real estate.

Upon default of said deposit of posting a bond, by the purchaser or purchasers, the Master Commissioner shall immediately resell the property upon the same terms and conditions set out herein.

The hereinabove described real property shall be sold free and clear of the claims, interests, liens and encumbrances of all parties herein, except restrictions and easements appearing of record, in the Morgan County Court Clerk's Office.

The risk of loss for the subject property shall pass to the purchaser on the date of sale. Possession of the premises shall pass to the purchaser upon payment of the purchase price and delivery of deed.

The Purchaser shall be required to purchase fire and extended coverage insurance on any improvements to the real property, from the date of sale until the purchase price is paid in full to the extent of the Court-appraised value of the improvements or the unpaid balance of the purchase price, whichever is less, with a loss clause payable to the Master Commissioner of the Morgan Circuit Court or the Plaintiff herein.

The Defendants, their agents, employees, successors or assigns shall vacate the mortgage premises immediately upon the confirmation of the Master Commissioner's Sale.

The purchaser shall be required to assume and pay all taxes assessed such property for the year 2009 and all subsequent years. This property shall be sold subject to any ad valorem and real property taxes not delinquent as of the date of sale.

Nutrition info and tips for preparing sorghum dishes

Sweet sorghum is one of the oldest natural sweeteners, made from 100 percent pure natural juice extracted from sorghum cane. The juice is cleansed of impurities and concentrated by evaporation in open pans into a clear, amber colored, mild flavored syrup. It is 100 percent natural and contains no chemical additives of any kind.

Sorghum was the main sweetener used by early Kentucky settlers. It provided energy and made otherwise plain foods tasty and nutritious. Just as we can today, they used it for baking, cooking, sweetening beverages and flavoring meats.

Kentucky and Tennessee are the leading states in sorghum production.

The health benefits of sorghum include vital nutrients iron, calcium, potassium and antioxidants. Before the development of daily vitamins, many physicians prescribed sorghum as a daily supplement.

Here are some more facts about sorghum:

- Carbohydrates 15 grams,

Calories 62, Calcium 30 mg, Potassium 200 mg and Iron 76 mg.

- Sorghum is very versatile and may be used on biscuits, pancakes, as a topping for ice cream or frozen yogurt, used in baking (cookies, gingerbread, baked beans) and many other ways. It may be substituted cup for cup in any recipe calling for molasses, honey, corn syrup or maple syrup.

- Sugar substitution: Replace ordinary sugar with sorghum by increasing the amount of sorghum by 1/3 and decreasing the liquid by the same amount.

- What is the difference between sorghum and molasses? Molasses is a by-product of the sugar industry. Sorghum is the extract produced when the extracted juice is boiled out.

- What to do with crystallized sorghum? Place sorghum in a microwave safe container in a pan of water in the microwave for a short time.

For more information about sorghum, contact Nellie Buchanan, Extension Agent for Family and Consumer Sciences, at 743-3292.

A MODEL COMMUNITY BANK

October 2009: Bank of the Mountains, West Liberty, Kentucky proudly accepts a distinguished 5-Star Superior rating from **BauerFinancial, Inc., Coral Gables, Florida**. A 5-Star rating for financial strength and stability is the highest rating attainable from BauerFinancial (the Nation's Bank Rating Firm for over a quarter of a century) and is based on the overall financial condition of the bank. Earning a 5-Star rating denotes that Bank of the Mountains is one of the strongest banks in the nation. Achieving this designation for 13 consecutive quarters, like Bank of the Mountains has, is an even higher honor.

"There's an old adage that says no press is bad press, but if you've seen the banking news over the past year or two, you know this isn't always true," notes Karen L. Dorway, president of **BauerFinancial**. "That's why it's so important today to share some good banking news, and Bank of the Mountains makes it easy. Bank of the Mountains is a model community bank. You should be proud to call it YOUR Bank."

Bank of the Mountains was established in 1973 and has been serving the banking needs of its neighbors and friends for 36 years. It currently operates through three conveniently located offices in Ezel, Index and West Liberty.

MORGAN COUNTY FOOTBALL

#75 Nathan Cantrell

Nate, as he is known, was not so sure about giving an interview, but was definitely in agreement with his senior buddies about what it takes to be a good football player, which, according to Nate, is "pride, heart and desire."

Nathan Cantrell, the gentle giant, is still undecided at this point of his plans after high school but is certain about one thing and that is what he learned about himself during the last five years on the football field. Nate has a sense of self-discipline, respect and teamwork. all, he claimed, came from being a player of the game for five years. In addition, Nate has learned how to make quick decisions under stressful situations, like those he faces on the line each game night.

In his time off, you might find Nate taking in a Bengals game where he gets to watch his favorite player, Peco. While we have many Bengals fans in Morgan County, we also have many fans of #75, senior Nathan Cantrell. Good luck, Nate, in the rest of your senior season.

ATHLETES OF THE WEEK

Joe Holbrook

MCHS Boys' Football Team:

This week's athlete of the week is Joe Holbrook: Joe played a stellar game on defense. He had numerous tackles and created a fumble to thwart a Bath Co. drive inside the ten yard line. Joe also had a great night running the ball. He scored 2 TD's and converted 2 PAT's on limited carries. Efforts such as this by our young Freshman football players will inspire their teammates as we continue to build a respectable football program here at Morgan Co. High School.

Cougars put up fight, but fall to Bath County, 41 - 30

Harvey gains 97 yards, 2 TD's, goes over 1,000 yards for the season

By: David Patrick

The good news is that Morgan County football is once again competitive. The bad news is that the losses continue to mount up.

Last Friday night, the Cougars dropped their seventh game of the season—and sixth in a row—with a 41 - 30 loss to Bath County. It marked the second straight win for the Wildcats after losing seven in a row to open the season.

The Cougars trailed early, made a game of it late, but could never catch up. Bath County's opening drive lasted nearly the entire first quarter, but resulted in a fumble that was recovered by Joe Holbrook at the Cougar 20-yard line. Morgan couldn't move the football and was forced to punt back to the Cats. Bath County cashed in with a 15-yard scoring run by Brad Stump for the early 7-0 lead.

But to their credit, the Cougars answered. Mitchell Harvey and Larrin Collins both posted runs of 17 yards, with Harvey finishing the drive with a 13-yard touchdown carry and subsequent two-point conversion. Midway through the second period, Morgan led 8-7.

However, the visitors answered in a big way, reeling off 13 unanswered points to close the first half to grab a 20-8 lead.

Brian Turner's team re-applied the pressure early in the third quarter. A first down carry by Harvey and touchdown run from Holbrook highlighted the Cougars' opening drive of the half. Holbrook's successful two-point conversion cut the deficit to four.

But any momentum quickly shifted back to Bath with a 65-yard scoring run on the team's first offensive play of the half. Following the extra point, the Cats led 27-16.

After a Cougar fumble on the Bath 38-yard line, Josh Terry broke free for a touchdown for a 34-16 advantage with under a minute remaining in the third quarter.

Morgan answered in a big way when Harvey took the ensuing kickoff 99 yards the other way for a touchdown. The Cougars trailed 33-22 heading to the final quarter.

Morgan showed no letup by forcing Bath to turn the ball over on downs. The home team then capitalized with a 37-yard carry from Adam Cooper and a Holbrook scoring run of 17 yards—his second of the game. With 6:32 remaining in regulation, Morgan had pulled with four, 34 - 30.

But the Cats soon broke the hearts of the Cougar faithful. Facing fourth down and six yards to go with just over a minute left, Bath converted on a scoring pass to seal the win.

Morgan's 30-points marked the team's second highest scoring output of the season. But on the flip side, it was the fourth straight game the Cougar defense had allowed 40-plus points.

Jared Curd and Adam Cooper combined for 12 solo tackles and six assists to pace the "D." Kyle Havens finished with six solos and four assists, while Mitchell Harvey added five tackles.

Offensively, Harvey carried the ball nine times for 97 yards—which puts the Cougar senior over 1,000 yards for the season. Harvey also racked up 162 yards on kick-off returns.

Cooper had 12 rushes for 80 yards. Havens and Holbrook finished with 38 and 29 yards, respectively. Holbrook was responsible for 16 of his team's 30 points.

Morgan will close the regular season by hosting East Carter on senior night. Game-time is slated for 7:30 with seniors and their families to be recognized prior to kick-off.

(Game stats courtesy of Shawn Conley.)

MCHS senior football players will be among those honored at Senior Night this Friday at Herdman Field. They are Mitchell Harvey (22), Kyle Havens (4), Dylan Moore (79), Austin Shuck (56), Adam Cooper (33), and Nate Cantrell (75).

Senior Night will carry on as planned, despite week of school closing

The Morgan County Quarterback Club and Coach Brian Turner wish to encourage all Cougar fans to come out this week on Friday to see the Cougars take on East Carter. This is Senior Night. All Senior Football players, Cheerleaders, Volleyball and Band members will be honored. Senior Night festivities will take place prior to the game at approximately 7 p.m. Kick off for the game is scheduled for 7:30 p.m.

McNish, Howard win doubles title from Rock and Legend

The October 21 Wednesday Round Robin was held at the Morgan County Community Center.

The number one contenders doubles tournament was held to see who would get the shot at the GPTT Doubles Champions "The Rock" Steve Patrick and "The Legend" Byron Risner. The semi-finals saw the number one seed Ryan McCarty and Billy Howard defeat Derek Howard and Josh Frisby to advance to the finals. The other semi-final was won by the three seeds, Jonathan Howard and Tyler McNish, who edged out the two seeds, Josh Frisby and Gabe Bailey. Jonathan Howard and Tyler beat Billy Howard and Ryan McCarty to get the title shot winning the set two games to one. The final saw McNish and Howard beat the Rock and Legend to win their first GPTT Doubles titles two games to one. Congratulations to the new champions.

GPTT Champion "The Legend" Byron Risner extended his undefeated title defense streak to 29-0. He had a tough battle against "The One" Josh May who earned a shot by winning the elite division round robin. The Legend won four games to one, but he says the wins didn't reflect the closeness of the game. "Two games went to deuce, and I was down by five in one game," said Risner. "I really had to grind out a win tonight. But when you're a champion you don't have the luxury to pick your "on" and "off" nights, you have to focus, concentrate, and play every point like it's the last." Many players are gunning to end the impressive winning streak. Pride Champion Jonathan Howard beat Billy Howard to retain the league's number two championship. Jonathan has been The Legend's top threat to take the title as of late. Billy Howard has worked hard and put in the time to rise quickly up the ranks in GPTT. Challenge Champion Tyler McNish held off the Challenge Round Robin winner Ryan McCarty two games to one to hold on to his title for the second straight week.

The elite round robin was won by Josh May this week, who went 2-0 in matches played. Billy Howard went 1-1, and "The Rock" Steve Patrick was 0-2, but gave winner Josh May a scare in both games. Ryan McCarty beat Josh Frisby in Challenge Round Robin by beating Frisby in a sudden death game to go onto the title match vs. Tyler McNish. Other Challenge Round Robin participants were: Gabe Bailey, Derek Howard, and Matt Frisby.

We encourage everyone to come to our weekly meets on Wednesdays from 6:00 p.m. to 8:30 p.m. at the Morgan County Community Center. The first night is free and every night thereafter is only \$2. We offer training, coaching, and quality organized meets based on a round robin format. We also offer recreational/non-competitive matches for those who like to play for fun. You can contact us at 606-662-6332 or e-mail us at gptt1@yahoo.com

Nutritional information and tips for serving sweet potato dishes

Sweet potatoes are very nutritious and have gained popularity in recent years. They are now being served more often than just holiday time. Several restaurants offer them as a side dish, option baked, instead of an Irish potato. Once again, sweet potatoes are an excellent source of Vitamin A, C and fiber.

perature. Peel, cut in halves, slice or mash.

To prevent darkening, dip whole sweet potatoes or slices for five seconds in a solution of 1/2 cup lemon juice to 1 quart of water. To keep mashed sweet potatoes from darkening, mix 2 tablespoons orange or lemon juice with each quart of mashed sweet potatoes.

Pack in freezer containers, leaving 1/2 inch headspace, seal, label, date and freeze.

Freezing Baked Sweet Potatoes

Wash, trim and heat potatoes in the oven at 350°F without peeling until slightly soft. Cool, remove peel and wrap individually in aluminum foil. Store wrapped sweet potatoes in freezer bags, label, date and freeze. To prepare for serving, remove desired number of potatoes from the freezer bag, leave in the foil wrap and complete baking at 350°F immediately before serving.

The Free Haircut

One day a florist goes to a barber for a haircut. After the cut he asks about his bill and the barber replies, “I cannot accept money from you. I’m doing community service this week.”

The florist was pleased and left the shop.

When the barber goes to open this shop the next morning there is a thank you card and a dozen roses waiting for him at his door. Later, a cop comes in for a haircut, and when he tries to pay his bill, the barber again replies, “I

cannot accept money from you. I’m doing community service this week.”

The cop is happy and leaves the shop. The next morning when the barber goes to open up, there is a thank you card and a dozen donuts waiting for him at his door.

Later that day, a college professor comes in for a haircut, and when he tries to pay his bill, the barber again replies, “I cannot accept money from you. I’m doing community service this week.”

The professor is very happy and leaves the shop. The next morning when the barber opens his shop, there is a thank you card and a dozen different books, such

as, “How to Improve Your Business” and “Becoming More Successful.”

Then, a congressman comes in for a haircut, and when he goes to pay his bill the barber again replies, “I cannot accept money from you. I’m doing community service this week.”

The Congressman is very happy and leaves the shop. The next morning when the barber goes to open up, there are a dozen congressmen lined up waiting for a free haircut.

And that, my friends illustrates the fundamental difference between the citizens of our country and the members of our congress.
